ABOUT ME

I am an enthusiastic and detail-oriented Web Developer with a strong foundation in front-end and back-end technologies. As a fresher, I am eager to apply my skills in HTML, CSS, JavaScript, React, Node.js, and databases (MySQL/MongoDB) to build responsive, user-friendly, and efficient web applications. I enjoy problem-solving, learning new technologies, and creating modern web solutions that improve user experience. My goal is to grow as a developer by working on real-world projects, collaborating with teams, and continuously upgrading my technical and professional skills.
